In this book, Brigitte von Boch uses flowers as a crucial and creative element in interior design. Her arrangements set off and complement the surrounding décor, and bring the outdoors inside. She delights in adding just a touch of the unexpected to the best of traditional flower design. This volume profiles over 200 of her inspiring creations, and demonstrates how color, form and texture can combine to maximum effect. The author showcases an array of stunning arrangements for all seasons. A delight for the senses, this collection is a true work of art.
