Welcome to Verity--home of more divorced women from New York than any other town in the state of Florida. Where Lucy Rosen has moved to get away from her ex. Where Officer Julian Cash watches over the town with a fierce German shepherd and an even fiercer expression. Where Lucy's son Keith hates everything: the heat, the school, and sometimes his mother. He can't wait to get away. And then he does, when a woman is murdered and her baby is left behind. Keith takes off with the baby. Lucy and Julian take off after him. And Turtle Moon takes off on a funny, touching, and exhilarating journey...
