Since the 1930s, the Nation of Islam has been one of the foremost all-black organizations in the United States. Yet for most people outside the movement, it has been known only through media portrayals of the controversial leaders such as Malcolm X and Louis Farrakhan. As a young girl, Sonsyrea Tate was one of tens of thousands of "Little X's," the children raised within the Nation of Islam as future foot soldiers of black unity. In Little X, Tate, an award winning journalist, shows us the Nation of Islam from the inside: Little X is the compelling account of one woman's cultural identity, family unity and spiritual fulfillment in a predominantly white and Christian America.
