

Immigrants

"Mr. Legrain performs an invaluable service; he makes a good case for the unpopular cause of free flows of people. The book is a superb combination of direct reportage with detailed analysis of the evidence."

— Martin Wolf, *Financial Times*

IMMIGRANTS YOUR COUNTRY NEEDS THEM

PHILIPPE LEGRAIN

"Mr. Legrain has assembled powerful evidence to undermine the economic arguments against immigration."

— *Economist*

Immigration divides our globalizing world like no other issue. We are swamped by illegal immigrants and infiltrated by terrorists, our jobs stolen, our welfare system abused, our way of life destroyed--or so we are told. At a time when National Guard units are deployed alongside vigilante Minutemen on the U.S.-Mexico border, where the death toll in the past decade now exceeds 9/11's, Philippe Legrain has written the first book about immigration that looks beyond the headlines. Why are ever-rising numbers of people from poor countries arriving in the United States, Europe, and Australia? Can we keep them out? Should we even be trying?</p>

Combining compelling firsthand reporting from around the world, incisive socioeconomic analysis, and a broad understanding of what's at stake politically and culturally, *Immigrants* is a passionate but lucid book. In our open world, more people will inevitably move across borders, Legrain says--and we should generally welcome them. They do the jobs we can't or won't do--and their diversity enriches us all. Left and Right, free marketeers and campaigners for global justice, enlightened patriots--all should rally behind the cause of freer migration, because They need Us and We need Them.</p>
