High above the planet Harmony, the Oversoul watches. Its task, programmed so many millennia ago, is to guard the human settlement on this planet--to protect this fragile remnant of Earth from all threats. To protect them, most of all, from themselves.

The Oversoul has done its job well. There is no war on Harmony. There are no weapons of mass destruction. There is no technology that could lead to weapons of war. By control of the data banks, and subtle interference in the very thoughts of the people, the artificial intelligence has fulfilled its mission.

But now there is a problem. In orbit, the Oversoul realizes that it has lost access to some of its memory banks, and some of its power systems are failing. And on the planet, men are beginning to think about power, wealth, and conquest.

## 评论

加强版的王子复仇记。讲述了一个大智能人工AI为了让一颗人类移居的星球避免从走地球的老路，引导一个天才儿童为代表的拉风正太们的正义之路。本书是卡特大叔的《归家》系列的第一部，还是很精彩，小说有着女权主义的浓厚情怀，有着宫廷斗争的拉风戏码，想来这些桥段和戏份还是很吸引人。推荐。以上。
