isbn:9780691021430

This third volume of Princeton Readings in Religions demonstrates that the "three religions" of China--Confucianism, Daoism, and Buddhism (with a fourth, folk religion, sometimes added)--are not mutually exclusive: they overlap and interact with each other in a rich variety of ways. The volume also illustrates some of the many interactions between Han culture and the cultures designated by the current government as "minorities." Selections from minority cultures here, for instance, are the folktale of Ny Dan the Manchu Shamaness and a funeral chant of the Yi nationality collected by local researchers in the early 1980s. Each of the forty unusual selections, from ancient oracle bones to stirring accounts of mystic visions, is preceded by a substantial introduction. As with the other volumes, most of the selections here have never been translated before.

Stephen Teiser provides a general introduction in which the major themes and categories of the religions of China are analyzed. The book represents an attempt to move from one conception of the "Chinese spirit" to a picture of many spirits, including a Laozi who acquires magical powers and eventually ascends to heaven in broad daylight; the white-robed Guanyin, one of the most beloved Buddhist deities in China; and the burning-mouth hungry ghost. The book concludes with a section on "earthly conduct."

评论

Lopez写过的书有很多。。去年学Hindu也有Lopez的书。。貌似他学贯亚洲。然后这一本完全没长进啊，被我和大月月果断抛弃。。作为一个天朝下流读者，我觉得Lopez这货很有不懂装懂的嫌疑。。搜集一大堆资料感觉还亲身体验过以为很nb，一开始写得很认真，结果写着写着就觉得有点胡来了。。

科普讀物，不過有水平的就可以寫得舉輕若重。
