For the first time, acclaimed and international best-selling author Deepak Chopra explores the universal themes of spirituality and sexuality and their role in connecting lovers emotionally, physically, and spiritually. The text includes The Seven Spiritual Laws of Love, Deepak's intensive meditation and affirmation of simple, practical applications that partners can bring to their relationship to enhance and entice their

intimacy. The book is also fully illustrated by a group of Indian artists hand selected by Chopra. The original Kama Sutra was written by the courtesan and poet Vasyayana, believed to have lived sometime between the 1st to 6th centuries A.D. and includes guidance on how to be a good citizen, insights into relationships between lovers, the four main pursuits of life, as well as providing insight into the sexual mores and practices of India in ancient times. Deepak Chopras loyalty to the original Kama Sutra and ability to find its sacredness will make his version a modern classic.
