Sams Teach Yourself Mac OS X Leopard All in One is the perfect reference for anyone

who has recently switched to the Mac or is a long-time Mac user. This book gives you the most OS X Leopard information possible without drowning you in technical jargon or unnecessary fluff. From learning the basics of the Finder, Dock and System Preference, to working with the Unix command line, running Windows applications on the Mac, and automating tasks, this book covers it all in a friendly, no-nonsense manner.
