isbn:9780470041741

\* This comprehensive one-stop guide offers nearly 1,000 pages of in-depth information on the latest Mac OS X version, including tips, secrets, and detailed how-to instructions

\* Provides expert guidance on all of Leopard's new features, including the pro-level

security tools and brand-new built-in applications

\* Offers greatly enhanced coverage of Dashboard, Automator, wireless networking, and troubleshooting

\* Topics covered include customizing the desktop, working with the Dock, searching with Finder, getting on the Internet, searching with Sherlock, using Apple Mail and iChat, synching with iSync, getting the most out of the iLife applications, setting up Leopard on a network, and tapping the power of Mac Unix

\* There are currently more than 19 million Mac OS X users, and Apple shipped over 1.3 million Macs in the last quarter
