《自然之旅(英文版)》主要内容简介：China is located in east Eurasia and on the Pacific west coast,covering 9.6 million sq.km of land and 3 million sq.km of sea.It stretches across four time zones east to west and covers 5,500 km north to south,while the elevation gap between its highest peak and lowest point reaches nearly 9,000meters.The great geographical differences and contrasts have made this land both dynamic and magnificent.There are snow-capped mountains,glaciers,evergreen rain forests,desolate gobis and deserts,vibrant lakes and coasts,spectacular valleys and waterfalls,and boundless grasslands and wetlands.In China,almost all types of natural scenery that exist in the world can be found,and this book intends to help you learn something about its beauty.
