"An intensely emotional examination of grief, laced with wit, insightfulness, compassion and searing honesty . . . an uncommonly affecting and absorbing play."-Variety

"The sad, sweet release of Rabbit Hole lies precisely in the access it allows to the pain of others. . . . This anatomy of grief [taps] a reservoir of feelings common to anyone who has experienced the vacuum left by a death in the family."-The New York Times

A story of loss, heartbreak, and forgiveness-told through daily moments and emotional hurdles-as a family moves on after the accidental death of their four-year-old. With a critically acclaimed Broadway premiere, featuring Cynthia Nixon and Tyne Daly, Rabbit Hole has been hailed as an artistic breakthrough for the highly regarded David Lindsay-Abaire. A drama of what comes after tragedy, it captures "the awkwardness and pain of thinking people faced with an unthinkable situation-and eventually, their capacity for survival" (USA Today).
