The most trusted resource on becoming a leader is now updated and revised for a new generation. This leadership classic continues to be a bestseller after three editions and twenty years in print. It is the gold standard for research-based leadership, and the premier resource on becoming a leader. This new edition, with streamlined text, more international and business examples, and a graphic redesign, is more readable and accessible than ever before.

The Leadership Challenge, Fourth Edition, has been extensively updated with the latest research and case studies, and offers inspiring new stories of real people achieving extraordinary results. The authors' central theme remains the same and is more relevant today than ever: "Leadership is Everyone's Business." Their "five practices" and "ten commitments" have been proven by hundreds of thousands of dedicated, successful leaders. This edition, with almost one-third new material, emphasizes the global community and refocuses on business leaders.

中文版翻译的太滥了，还是读原版吧，领导力入门读物

-----  
领导力: 领导力不是一种身份, 也不是一组不能为常人所破译的密码. 事实上, 领导力是一套可以观察到的技巧和能力.
