This mainstream, full-color physical anthropology text is the best-selling text in the market! While it continues to present a comprehensive, well-balanced introduction to the field of physical anthropology, this is a major revision and the book has shifted emphases in critical areas of biology, including molecular biology and genetics, to reflect the field as it stands today. Now, as a Media Edition, INTRODUCTION TO PHYSICAL ANTHROPOLOGY automatically comes with the new BASIC GENETICS CD which responds to growing interest in genetic variation driven by advances in molecular biology enhance.
