

Subsea Pipeline Engineering

[Subsea Pipeline Engineering_ 下载链接1](#)

著者:Andrew C. Palmer

出版者:Pennwell Books

出版时间:2004-03

装帧:Hardcover

isbn:9781593700133

This new text represents the first of its kind. Veteran subsea pipeline engineers, Andrew Palmer and Roger King, bring to you valuable information through their combined experience on the current state of the art methods of subsea pipelines. They cover such topics as route selection, carbon-manganese steels, corrosion, welding, hydraulics, repair, and much more.
