From Library Journal

Students and teachers worldwide will applaud this collection of Freccero's articles, destined to prove of lasting importance. In an arrangement based on the structure of the *Commedia*, the articles enable the contemporary reader to approach the astonishing poetic coherence of Dante's poems without sacrifice of the poem's rich historicity and detail. It is an indication of the inner unity of Freccero's arguments that the articles, though they span some 25 years, present a powerful cumulative effect even though reprinted nearly unchanged. Indispensable for academic libraries. Ronald L. Martinez, French & Italian Dept., Univ. of Minnesota, Minneapolis

阅读过程犹如看侦探破案，层层破茧抽丝，甚为愉悦。

#中世纪西方政治思想#这个写得很棒，由小入大

感谢友邻帮我借我书帮我续借。这书我得扫一本，本来偷懒看中译可后来觉得英文本身更清楚，可能和作者盘踞在深厚的思想传统上开展细腻衍生创作的写作形式有很大关系。牛大力的短评写的也好。真心大师
