著者:Roy Lewis

出版者:Vintage

出版时间:1994-8-30

装帧:Paperback

isbn:9780679750093

Artfully told and laugh-out-loud funny, says the Los Angeles Times Book Review of this long out-of-print novel--now being rediscovered. Lewis's hilarious tale of one Stone Age family offers highly-revised accounts of the invention of fire, the origins of courtship, and much more. Charles Darwin may turn over in his grave.
