著者:Mike Ramsey

出版者:iUniverse

出版时间:2004-02

装帧:Paperback

isbn:9780595308941

Hand Job is not only full of entertaining stories about how author Mike Ramsey was turned and twisted towards a career in hand and parts modeling, but also offers valuable insight into the world of modeling.

Follow the author as he walks in the footsteps of his former schoolmate, one of the world's first supermodels, Jerry Hall, to beating out TV's Hercules, Kevin Sorbo, to get his first big break as a hand model.

If you or someone you know is considering a career in modeling, read about how Hand Job can save you unlimited time and money, and help you to avoid common mistakes made by newcomers to the business.

If you are considering letting your child become an actor or model, you absolutely must read the How To section at the back of Hand Job, to avoid the all too common pitfalls many well-intentioned parents experience.

Hand Job is an invaluable tool to models and actors already in the business, and an essential starting point if anyone has ever said to you, "you should be a model".
