Welcome to the new world of Magic: The Gathering!

Elves live in a world of unforgiving perfection. It is survival of the fittest--and none but the most beautiful and deadly are allowed to survive. So when an elf warrior's horns are shattered and his flawless features lost, he knows it is a death sentence. What he can't remember is how it happened or why he should allow himself to be killed. Powerful and ancient magic is at work, and the elf will need to find friends fast before his fellow elves quiet him--permanently.
