In his most provocative and caustically funny book yet, Greg Palast, author of the national bestseller "The Best Democracy Money Can Buy," once again gives us the straight scoop on the stories that Big Media won't report. Digging up reams of documents marked as secret and confidential, Palast provides the latest lowdown on Bush's secret plans to seize Iraq's oil, the fix planned for the 2008 election, who drowned New Orleans, and the horror and the humor of the War on Terror. With diligent detective work, moral outrage, and a keen sense of the absurd, Palast takes on the armed and dangerous clowns that rule us as only he can.
