By turns touching, funny, poignant, and painful, *Boyhood* chronicles the road to manhood through the personal narratives and poems of accomplished writers from around the world. Contributors include Shepherd Bliss, Robert Bly, Edward Field, John Gilgun, Fred Wei-han Ho, Terry A. Kupers, Rakesh Ratti, John Silva, Malidoma P. Som, Sy Safransky, Bhante Wimala, and many others. The essays in this book give us a window into remembered boyhood and outward to its adult expression, a prism through which we see how boys become men. . . . Franklin Abbotts brave and caring collection gives us genuine hope, because the authors, like real men, look at their lives squarely and honestly. And they do not flinch. Michael Kimmel, from the Foreword

Though some of these more than 40 personal accounts convey the exquisite angst of the mens movement, the broad range of experiences should strike many chords. Publishers Weekly
