THE SANDMAN, written by New York Times best-selling author Neil Gaiman, was the most acclaimed comic book title of the 1990s. A rich blend of modern myth and dark fantasy in which contemporary fiction, historical drama and legend are seamlessly interwoven, THE SANDMAN is also widely considered one of the most original and artistically ambitious series of the modern age. By the time it concluded in 1996, it had made significant contributions to the artistic maturity of comic books and had become a pop culture phenomenon in its own right.

Now, DC Comics is proud to present this comics classic in an all-new Absolute Edition format. The second of four beautifully designed slipcased volumes, THE ABSOLUTE SANDMAN VOL. 2 collects twenty tales of THE SANDMAN and features completely new coloring, approved by the author, as well as never-before-seen extra material.
