A provocative look at architecture—"exceptionally intelligent and original"
(Jonathan Yardley, The Washington Post Book World)

Deyan Sudjic—"probably the most influential figure in architecture you've never heard of" — argues that architecture, far from being auteur art, must be understood as a naked expression of power. From the grandiose projects of Stalin and Hitler to the "theme park" excess of today's presidential libraries, Sudjic goes behind the scenes of history's great manipulators of building propaganda—and exposes Rem Koolhaas, Frank Gehry, and other architects in a disturbing new light. This controversial book is essential reading for all those interested in the power of architecture—or the architecture of power.

书评

两年前，侯翰如推荐这本书给学建筑的我。仔细研读。现在看来，这不过又是一个扇建筑耳光的书。给一群建筑书呆子浇冷水的书。让我们来看看吧。
建筑从来就不是建筑人的建筑。建筑是钱，权的房子。
