This new edition of Principles of Banking Law provides a clear, up-to-date and

comprehensive account of the subject, incorporating all significant changes in banking law, regulation and practice that have occurred since the publication of the first edition in 1997. It offers full coverage of all Domestic and International Banking Law topics. Written by a leading figure in the field, this book offers a fresh yet authoritative approach to the subject that renders it a key resource for all those studying Banking or Financial Services Law.
