At last, here is a book that provides up-to-date information about girls and women with Asperger's Syndrome. Covering topics such as diagnoses, education, puberty, relationships, and careers, experts in the field share practical advice for both caregivers and the women and girls who are affected by Asperger's. Other chapters are written by women who have been diagnosed with ASD. They candidly reveal their experiences and compassionately advise others. Finally, this book recognizes the unique problems of girls on the spectrum. About the Authors: Dr. Tony Attwood is the world's foremost authority on Asperger's Syndrome. Dr. Temple Grandin is arguably the most successful woman with autism. Catherine Faherty, Shelia Wagner, Mary Wrobel, and Teresa Bolick are major figures in the Asperger's field. Lisa Iland, who has a brother with autism, offers insightful social advice. Jennifer McIlwee Myers and Ruth Snyder have Asperger's Syndrome; their intriguing stories will make you laugh and cry.
