装帧:Paperback

isbn:9780195221862

Incorporating a decade of musicological research, the Dictionary is unsurpassed in its scope and quality, with contributions from over 1,300 of the world's leading critics and scholars. A remarkable 11,000 articles, all fully cross-referenced, create a work that has become established as the essential opera reference. Indeed, every aspect of this varied art form is covered: composers, conductors, directors, performers, librettists, literary sources, cities and countries, operatic historians, and opera genres and terminology. BLOver 1800 operas are discussed from the late 16th century Florentine Camerata, through the great 18th and 19th century operas, to contemporary works such as the minimalist theatre pieces of Philip Glass BLThe lives and careers of over 2900 composers are discussed in depth, with entries containing critical assessments as

well as discussion of their individual careers and major achievements BLProfiles of every singer who has made a significant contribution to opera are included, from Francesco Rasi in the 1600s to Luciano Pavarotti in the 1990s BLTwo unrivaled indices of character names and arias make it the most useful and user-friendly opera dictionary available BLIllustrated throughout with rare photographs, reproductions of original posters, set and costume designs, and scenes from recent performances
