Blogging appeals to every demographic that has access to a computer-if you know how to do it right. This one-stop resource shows readers how to publish their ideas, get feedback, and create their own worldwide networks!

With this book readers will:

Create buzz marketing for their business

Get amateur poetry, short stories, and prose published

Create a worldwide network of people

Share unique hobby ideas with thousands of other hobbyists

With The Everything Blogging Book, readers will learn all that blogging can offer-and more!
