isbn:9780070030008

The only book that specifically focuses on statistics in criminology and criminal justice, *Statistical Methods for Criminology and Criminal Justice* can be used at either the introductory or intermediate levels. The text contains in-depth coverage of descriptive statistics, including graphical displays of data and exploratory data analysis. It offers a detailed explanation of multivariate statistics that is easy to comprehend and covers bivariate and multivariate analysis of data with binary dependent variables.
