出版时间:1994-4-18

装帧:Paperback

isbn:9780520086289

Ronald Dore offers the reader insight into the changing rural life of Japan in this fascinating study of a village some 100 miles from Tokyo where he lived first in 1955 and again in the early 1970s. A new Afterword reports on the acceleration of change to a once self-sufficient community most of whose young men now commute to city jobs instead of working the land. Dore comments on the effects of the 1993 election - Shinohata in a non-LDP-governed Japan.

评论

what a sense of humor. Meticulous ethnography. would love to read it twice

-----  
翻了前言跟后语，村落民族志，搭配《砂之女》解读。

-----  
想给两星没忍心，但这写得也太random了啊。。。
