出版者:Johns Hopkins Univ Pr

出版时间:1993-12

装帧:Paper

isbn:9780801848636

"Environmental Economics" provides a comprehensive introduction to the dynamic relationship between economics and environmental policy. The authors offer a broad overview of important issues, including the changing role of economics during a time of increasing environmental concern, the impact of markets and governmental policy,

environmental protection through economic mechanisms, and a practical look at how environmental economics are played out in commercial and scientific arenas.
