From mountain and valley, from hill and dale, people are asking, "How can I have more Dilbert in my life?" Help is at hand with a blast from the past in Scott Adams' very first compilation of Dilbert comic strips, Always Postpone Meetings with Time-Wasting Morons . It is tempting to compare Adams' work to that of Leonardo da Vinci. The differences are striking. Adams displays good jokes and strong character development, whereas da Vinci has been skating for years on his ability to do shading. Advantage: Adams. And though it may seem boorish to point this out, da Vinci wrote backwards.

And he's dead. Advantage: Adams. The choice is clear. Fans looking for a book which will stand the test of time, even beyond the time you spend flipping through it in the bookstore (for which the author receives no royalties whatsoever), should buy this book. Those who are not good comparison shoppers can buy the *Mona Lisa*.
