评论

History与Photography一样，既不属于科学也不是艺术，而是focus on the genuine hidden in the interstices between dogmatized beliefs of the world, thus establishing tradition of lost causes, giving name to the hitherto unnamed

书评

Parallels between history and the photographic media, historical reality and camera-reality. 电影的本性一书是another attempt of mine to bring out the significance of areas whose claim to be acknowledged in their own right has not yet been recognized. The reh...
