Swimsuit: check. Flip-flops: check. scuba gear: check. leaving behind a longtime boyfriend: not so easy. Marina has been waiting her whole life to get out on the open sea. And now that shes studying abroad on a luxury yacht in the Caribbean, her dreams are finally coming true. she loves the feel of the sun on her face, the sand between her toes, and the island music swaying over her. And even better, shes getting hands-on marine biology experience swimming alongside dolphins in the bahamas, sharks in the bay islands, and sea turtles in the Dominican republic! but while her experiences tell her shes in exactly the right place, her boyfriend wants her home in vermont. And her distractingly cute Aussie boatmate couldnt disagree more. As the island heat rises, Marina must decide once and for all where her heart ison land or at sea.
