Inspiring, intriguing, endlessly entertaining — Norman Messenger's interactive book allows us to step out of our everyday lives, shed our preconceptions, and experience a little magic.

IMAGINE . . . a ladder without steps, a clock without hands, a racket without strings, a kiss without a mouth. Imagine a world where the hills have faces and wherever you went, you'd have someone to talk to. Imagine flipping a series of flaps to form fantastical creatures or turning a wheel to fit the top of one face on the bottom of another. Imagine that Norman Messenger's quirky, humorous suggestions, ingenious visual puzzles, and beautifully crafted illustrations will open your eyes and mind and reveal that — with a little imagination — the world can become a different and mysterious place, where anything is possible.

我买到了哦!!!! 而且很便宜(因为书里有一页是坏的)但是整个书的感觉很好啊! 我好喜欢,颜色和游戏以及立体书都做得很有趣,像个小迷宫,印刷质量也很好,值得 呢!!!
