Debra Frasier's modern classic "On the Day You Were Born" has been welcoming babies into the world for more than a decade--and has sold over a million copies. Now this favorite hardcover book comes to life with a musical CD featuring an original composition by Matthew Smith to accompany the author's moving narration. The spinning earth, the glowing moon, the rising tides--each natural wonder appears in an evocative instrumental arrangement that makes for a moving and memorable gift, perfect to celebrate the arrival of every new baby.
