出版时间:2002-07-01

装帧:Paperback

isbn:9781568983257

This work records the series of lectures given by Santiago Calatrava at the Massachusetts Institute of Technology. The lectures were filled with insight, anecdote and information about the practice of design. As an important figure at the intersection

of architecture and engineering, Calatrava reflects on his personal path and ties it to his design work. The volume includes sketches by Calatrava.
