Praised by the New York Times Book Review as "an...affecting morality tale," Jim Lehrer's devastating *White Widow* brings the reader to the brink of one man's unstoppable, ruinous passion for a complete stranger.

Jack T. Oliver has a solid marriage, a cozy house in Corpus Christi, and a job he loves as a driver for the Great Western Trailways bus line. In a few weeks, Jack is going to be promoted to Master Operator in recognition of his years of perfect service and on-time driving. It's a good life. Until a *White Widow* boards his bus, on a one-way ticket from Victoria to Corpus Christi.

A *White Widow* is a wild card, a woman traveling alone who can change the course of a driver's life, and not always for the best. What happens when Jack Oliver's *White Widow* passes through his life is as unforgettable as it is irrevocable. Within weeks, without ever even learning her name, he will fall passionately in love—and lose everything he has, a few things he never had, and some he never thought about until they were gone.
