As a mysterious fire rages through an affluent community in Southern California, Lew Archer tracks a missing--and possibly kidnapped--child and uncovers an entire secret history of wayward parents, wounded offspring, and murder. Along with its merciless suspense, *The Underground Man* possesses a moral vision as complex as that of a classic Greek tragedy.

评论

这本书里传达的意思我觉得直到现在依然受用。法律是死的，人总可以绕着法律让自己显得无懈可击。但是真正的对与错，与法律无关。
