Picture This!: Learning English Through Pictures, by Tim Harris, and illustrated by Allan Rowe, is a two-level multiskills course that enables beginning students to master the core language needed for effective communication in English. Eight distinctively

illustrated chapters that use engaging, original art provide everything a teacher needs to introduce key vocabulary and systematically present new grammar structures. A colorful cast of characters personalizes the themes presented in each chapter, and makes learning more enjoyable. The program's integrated skills approach includes a strong writing component, with activities designed to promote the rapid development of listening, speaking, and reading skills.
