The Advanced Intermediate Level texts are the third of a five-level series developed

collaboratively by leading classroom teachers and linguists of Korean. All series volumes have been developed in accordance with performance-based principles and methodology--learner-centeredness, contextualization, use of authentic materials, function/task-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced with simple but adequate explanations and abundant examples, exercises, and drills. Each situation/topic-based lesson of the main texts consists of two or three model dialogues, narration, new words and expressions, pronunciation notes, vocabulary notes, culture, grammar, task/function, and English translation of dialogues.
