出版时间: 2006-9

装帧: Pap

isbn: 9784805308486

The Japanese are extraordinarily polite and soft-spoken people who are always indirect and evasive in their dealings with each other. Right? Well, not really. They can be just as explicit, vicious, vile and downright vulgar as anyone else when they want to be. This little gem of a book teaches you hundreds and hundreds of Japanese taunts, threats, curses and expletives that you'll never find in any dictionary—showing you how the Japanese really talk to one another when they are angry or emotional. It leaves no taboo untouched and sets the record completely straight. Intended for students of all levels and anyone interested in how Japanese is really spoken, this book is absolutely indispensable for foreigners who live in Japan and want to know what is being said when someone insults you in Japanese.
