isbn:9780195799651

Based on the papers presented at the Aga Khan University Centre of English Language International Conference 2001, this book is a pioneering work on language policy and planning with regard to South Asia. Contributors examine not only the system of English language teaching in Pakistan but also the role of English in South Asia as a whole. All are eminent researchers and scholars as well as recognised ELT practitioners from Europe, the Middle East and all the major countries in South Asia.
