著者:Kahn, Miriam B.

出版者:Amer Library Assn

出版时间:2004-1

装帧:Pap

isbn:9780838908730

Preservation and disaster expert Kahn brings clear guidance and practical expertise to address libraries' worst-case scenarios before they happen. Providing both short- and long-term planning and preservation tips, Kahn provides critical pre-emptive advice to help you: - Protect and preserve the right information- Adapt 29 proven, all-encompassing checklists and forms that address the issues- Learn from real-life experiences shared in four case studies- Keep up to date with cutting edge solutions using the comprehensive bibliography This is the authoritative e-preservation resource for reference librarians, preservationists, archivists, and records managers who create and maintain electronic resources. Library directors and managers responsible for creating disaster plans as well as those in computer services and information technology departments will benefit from this comprehensive guide.
