出版者:Oxford University Press, USA

出版时间:1997-07-31

装帧:Paperback

isbn:9780195115734

This book reviews what has been known about gangs, and updates that information into the 1990s. It covers reported changes in the structure and crime patterns of gangs, their age, ethnic, and gender characteristics, and their spread into almost all corners of the nation. It also reviews and updates the situation in other countries to determine how unique the American gang really is.
