Whaddaya Say? is the result of 25 years of research on reduced forms. Since 1981, it has helped thousands of students around the world understand English s it is really

spoken. This easy-to-use listening book introduces students to the most common reduced forms of spoken English for going to, want to, have to, and more - fully contextualized in conversations that are both practical and entertaining. Each of the text's 30 lessons include a audio segment that introduces new reduced forms, followed by comprehension questions and practice exercises.

除了吐血推荐，还能说个啥？

主要是美语中的弱读，例子丰富，且前后连贯，值得认真学习。
