

Generative Grammar

[Generative Grammar_ 下载链接1_](#)

著者:Freidin, Robert A.

出版者:Routledge

出版时间:2007-6

装帧:HRD

isbn:9780415331814

"Generative Grammar" presents a substantial contribution to the field of linguistics in drawing together for the first time the author's most significant work on the theory of generative grammar. The essays collected here display Freidin's role in moving the theory forward in terms of new proposals, and analyse the efforts to understand the evolution and history of the theory by careful investigation of how and why it has changed over the years.
