著者:Javier, Rafael Art

出版者:Springer Verlag

出版时间:2007-6

装帧:HRD

isbn:9780387309132

This book fills a critical gap in the cross-cultural literature by illuminating the bilingual experience in both its social and clinical contexts. Rafael Javier makes a convincing, empirically founded case for what he terms the bilingual mind, with its own particular approach to cognition, memory, and emotional and social development. Using this framework, he provides answers to important questions about the way bilingualism affects cognition and development.
