Wendy Bishop and David Starkey have created a remarkable resource volume for creative writing students and other writers just getting started. In two- to ten-page discussions, these authors introduce forty-one central concepts in the fields of creative writing and writing instruction, with discussions that are accessible yet grounded in scholarship and years of experience.Keywords in Creative Writing provides a brief but comprehensive introduction to the field of creative writing through its landmark terms, exploring concerns as abstract as postmodernism and identity politics alongside very practical interests of beginning writers, like contests, agents, and royalties. This approach makes the book ideal for the college classroom as well as the writers bookshelf, and unique in the field, combining the pragmatic accessibility of popular writers handbooks, with a wider, more scholarly vision of theory and research.

读过几本创意写作的书里，这本算是比较实用的了，用提炼和解读关键词的方式讲创意写作的技巧，在人物刻画还有cohesion方面挺有助益的。解决了我的一些困惑，比如motive那一部分，a character is what he does, but even more, a character is what he means to do. 尤其是重新craft写过的东西，反思人物动机真的会让整个故事连贯很多。
