出版者: Addison-Wesley

出版时间: 2005-7

装帧: Pap

isbn: 9780205396146

Written to address the contemporary challenges facing teachers and trainers in traditional and non-traditional settings, this text offers a comprehensive collection of research focusing on the role and effects of communication in instructional

environments. With accessible research for students, teachers, and educational leaders, The Handbook of Instructional Communication enhances an individual's ability to understand instructional communication research, plan and conduct instructional communication research, practice effective instructional communication, and consult with other teachers and trainers about their use of instructional communication.
