Early chapters, supported by the Bridging Resource Book, help students develop the skills, grammar and knowledge they need to make an effective transition to advanced French. The first 8 chapters cover AS-Level topics, grammar and tasks. All 15 chapters

cater for the full A-Level. Extended grammar explanation and practice exercises are included throughout the course. The self study booklet and cassette offer a ready made source material for homework and independent study. Examination tasks, practice and skills feature throughout. The Web-Site provides a tailor made IT component and coursework resource.
