两卷装的著作为读者有选择的回顾和阐述了过去几十年间的系统功能语言学派的衍生过程。理论与应用兼顾。

This 2-volume set offers the reader a selective account of the evolution of important aspects of Halliday's Systemic Functional Linguistics over the last decades. The range of topics include not only certain fundamental concepts at the level of theory, but also an account of the wide range of applications enabled by the descriptive framework that the theory has generated.

作者介绍:

(Biography)

Ruqaiya Hasan has taught and held visiting positions at various universities in England, America and Australia. Her last appointment was at Macquarie University, Australia, from where she retired as Emeritus Professor in 1994. Throughout her career she has researched and published widely in the areas of stylistics, culture, context and text, lexicogrammar and semantic variation. The latter involved the devising of extensive semantic system networks for the analysis of meaning in naturally occurring dialogues.
